Due to the changing nature of Web resources, M&G strongly urges you as the parent to preview these sites before your child accesses them. The fact that these sites are available on this handout does not imply that M&G endorses their content from the standpoint of morals, philosophy, theology, or scientific hypothesis.

Educational Mission Statement

Through tours, events, and publications, M&G seeks to partner with educators in fulfilling all of the National Visual Arts Content Standards. By integrating art into the core curriculum, M&G's goals are to teach children to value the arts, to communicate through the arts, to become creative problem solvers *through the inclusion of STEAM-related concepts and fully developed STEAM units*, to understand history and culture in light of the arts, to critique the arts, and to develop an aesthetic awareness in the arts. By fulfilling this mission, M&G is able to help develop citizens who have the ability to think, feel, and understand the world in which they live.

From Trash to Art

Use found items/trash to make a piece of folk art.
